**Kaiser Permanente Group Plan  
2018 Benefits summary**

**This is only a summary.** It does not fully describe your benefit coverage. For details on your benefit coverage, exclusions, and plan terms, please refer to your employer’s applicable Face Sheet, Group Medical and Hospital Service Agreement, benefit schedule, and riders (collectively known as “Service Agreement”). The Service Agreement is the legally binding document between Health Plan and its members. In event of ambiguity, or a conflict between this summary and the Service Agreement, the Service Agreement shall control. Senior Advantage members must refer to their Kaiser Permanente Senior Advantage Evidence of Coverage for a description of their benefits.

You are covered for Medically Necessary services at Kaiser Permanente facilities within the Hawaii service area, and which are provided, prescribed or directed by a Kaiser Permanente physician and consistent with reasonable medical management techniques specified under this plan with respect to the frequency, method, treatment or licensing or certification, to the extent the provider is acting within the scope of the provider’s license or certification under applicable state law. All care and services need to be coordinated by a Kaiser Permanente physician except for emergency services, urgent care or services authorized by a written referral.

Riders, if any, are described after the Exclusions and Limitations sections.

*If you receive covered services and items in one of these seven care settings, you only pay a single copay or coinsurance: hospital, observation, outpatient surgery and procedures in an ambulatory surgery center or outpatient hospital-based setting, skilled nursing facility, dialysis, radiation therapy and emergency room services. However, services and items received during an emergency room visit are included in the copay or coinsurance for emergency services, except complex imaging services (including interpretation of imaging) are covered under the complex imaging benefit.*

*For settings that are not mentioned above, each medical service or item is covered in accord with its relevant benefit section.*

### \* Coverage exclusions

When a Service is excluded or non-covered, all Services that are necessary or related to the excluded or non-covered Service are also excluded. "Service" means any treatment, diagnosis, care, procedure, test, drug, injectable, facility, equipment, item, device, or supply. The following Services are excluded:

- **Acupuncture.** (This exclusion may not apply if you have the applicable Complementary Alternative Medicine Rider.)
- **Alternative medical Services** not accepted by standard allopathic medical practices such as: hypnotherapy, behavior testing, sleep therapy, biofeedback, massage therapy, naturopathy, rest cure and aroma therapy. (The massage therapy portion of this exclusion may not apply if you have the applicable Complementary Alternative Medicine Rider.)
- **Artificial aids, corrective aids and corrective appliances** such as orthopedic aids, corrective lenses and eyeglasses. If your plan is required to cover all essential health benefits, then part of this exclusion does not apply (for example, external prosthetic devices, braces, and hearing aids may be covered benefits). Corrective lenses and eyeglasses may be covered for certain medical conditions, if all essential health benefits are required to be covered. Pediatric vision care services and devices may also be covered as an essential health benefit. (The eyeglasses and contact lens portion of this exclusion may not apply if you have an Optical Rider.)
- **All blood, blood products, blood derivatives, and blood components** whether of human or manufactured origin and regardless of the means of administration, except as stated under the "Blood" section. Donor directed units are not covered.
- **Cardiac rehabilitation.**
- **Chiropractic Services.** (This exclusion may not apply if you have the applicable Complementary Alternative Medicine Rider.)
- Services for **confined members** (confined in criminal institutions, or quarantined).
- **Contraceptive foams and creams, condoms** or other non-prescription substances used individually or in conjunction with any other prescribed drug or device.
- **Cosmetic Services**, such as plastic surgery to change or maintain physical appearance, which is not likely to result in significant improvement in physical function, including treatment for complications resulting from cosmetic services. However, Kaiser Permanente physician services to correct significant disfigurement resulting from an injury or medically necessary surgery, incident to a covered mastectomy, or cosmetic service provided by a Physician in a Health Plan facility are covered.
- **Custodial Services or Services in an intermediate level care facility.**
- **Dental care Services**, including pediatric oral care, such as dental x-rays, dental implants, dental appliances, or orthodontia and Services relating to Craniomandibular Pain Syndrome. If your plan is required to cover all essential health benefits, then part of this exclusion does not apply (for example, Services relating to temporomandibular joint dysfunction (TMJ) may be covered). (Part of this exclusion may not apply if you have a Dental Rider.)
- **Employer or government responsibility:** Services that an employer is required by law to provide or that are covered by Worker's Compensation or employer liability law; Services for any military service-connected illness, injury or condition when such Services are reasonably available to the member at a Veterans Affairs facility; Services required by law to be provided only by, or received only from, a government agency.
- **Experimental or investigational Services.**
- **Eye examinations** for contact lenses and vision therapy, including orthoptics, visual training and **eye exercises**. If your plan is required to cover all essential health benefits, then part of this exclusion does not apply (for example, habilitative services and pediatric vision care services may be covered). (Eye exams for contact lens may be partially covered if you have an Optical Rider.)
- **Eye surgery** solely for the purpose of correcting refractive error of the eye, such as Photo-refractive keratectomy (PRK), lasek eye surgery, and lasik eye surgery. If your plan is required to cover all essential health benefits, then part of this exclusion does not apply (for example, vision procedures for certain medical conditions may be covered).
- **Routine foot care**, unless medically necessary.
- **Health education:** specialized health promotion classes and support groups (such as weight management and bariatric surgery program).
- **Homemaker Services.**
- **Infertility services** including services related to conception by artificial means (such as ovum transplants, gamete intrafallopian transfer (GIFT) and zygote intrafallopian transfer (ZIFT)), services to reverse voluntary, surgically-induced infertility, and stand-alone ovulation induction Services.
- **In vitro fertilization (IVF)** is limited to a one-time only benefit at Kaiser Permanente. Additional IVFs are not covered. In vitro fertilization must meet state law requirements, and Health Plan and Medical Group requirements and criteria. The cost of donor sperm, donor eggs, equipment and of collection, storage and processing of sperm or eggs are not covered.

▼ Members must pay their office visit copay for the office visit.

† For example, office visits are subject to office visit copay, inpatient care are subject to hospital inpatient care cost share, lab, imaging and testing are subject to lab, imaging and testing cost share, etc.).

## \*\* Coverage limitations

Benefits and Services are subject to the following limitations:

- Services may be curtailed because of major disaster, epidemic, or other circumstances beyond Kaiser Permanente's control such as a labor dispute or a natural disaster.
- Coverage is not provided for treatment of conditions for which a member has refused recommended treatment for personal reasons when Kaiser Permanente physicians believe no professionally acceptable alternative treatment exists. Coverage will cease at the point the member stops following the recommended treatment.
- **Ambulance services** are those services which: 1) use of any other means of transport, regardless of availability of such other means, would result in death or serious impairment of the member's health, and 2) is for the purpose of transporting the member to receive medically necessary acute care. In addition, air ambulance must be for the purpose of transporting the member to the nearest medical facility designated by Health Plan for receipt of medically necessary acute care, and the member's condition must require the services of an air ambulance for safe transport.
- **Autism services** are limited to: 1) diagnosis and treatment of and 2) applied behavioral analysis services Treatment for autism will be provided in accord with an approved treatment plan. The following are excluded from coverage: 1) services provided by family or household members, and 2) autism services that duplicate services provided by another therapy or available through schools and/or government programs.
- Coverage of **blood and blood processing** includes (regardless of replacement, units and processing of units) whole blood, red cell products, cryoprecipitates, platelets, plasma, and fresh frozen plasma. Rh immune globulin is provided subject to the cost share for skilled-administered prescription drugs. Coverage of blood and blood processing also includes collection, processing, and storage of autologous blood when prescribed by a Kaiser Permanente physician for a scheduled surgery whether or not the units are used.
- **Chemical dependency services** include coverage in a specialized alcohol or chemical dependence treatment unit or facility approved by Kaiser Permanente Medical Group. Specialized alcohol or chemical dependence treatment services include day treatment or partial hospitalization services and non-hospital residential services. All covered chemical dependency services will be provided under an approved individualized treatment plan.
- Members are covered for **contraceptive drugs and devices** (to prevent unwanted pregnancies) only when all of the following criteria are met: 1) prescribed by a licensed Prescriber, 2) the drug is one for which a prescription is required by law, and 3) obtained at pharmacies in the Service Area that are operated by Kaiser Foundation Hospital or Kaiser Foundation Health Plan, Inc.
- When applicable, the **deductible** is the amount that members must pay for certain services before Health Plan will cover those services. Services that are subject to the deductible are noted in the "You Pay" column of this benefit summary (for example, if "after deductible" is noted in the "You Pay" column after the copayment, then members or family units must meet the deductible before the noted copayment will be effective). This deductible is separate from any other benefit-specific deductible that may be described herein. For example if prescription drugs are subject to a drug deductible, payments toward that drug deductible do not count toward this medical deductible. Payments toward this medical deductible do not count toward any other benefit-specific deductible (such as a drug deductible). Services that are subject to this medical deductible are: 1) outpatient surgery or procedures provided in an ambulatory surgery center (ASC) or other hospital-based setting, 2) hospital inpatient care, 3) specialty laboratory services, 4) specialty imaging services, 5) skilled nursing care, and 6) emergency services (when noted).
- Up to a 30-consecutive-day supply of **diabetes supplies** is provided (as described under the **prescribed drugs** section) if all of the following criteria are met: 1) prescribed by a licensed Prescriber, 2) on the Health Plan formulary and used in accordance with formulary criteria, guidelines, or restrictions, and 3) obtained at pharmacies in the Service Area that are operated by Kaiser Foundation Hospital, Kaiser Foundation Health Plan, Inc. or a pharmacy we designate.
- **Prescribed drugs that require skilled administration by medical personnel** must meet all of the following: 1) prescribed by a Kaiser Permanente licensed prescriber, 2) on the Health Plan formulary and used in accordance with formulary guidelines or restrictions, and 3) prescription is required by law.
- **Durable medical equipment** (such as oxygen dispensing equipment and oxygen, diabetes equipment, home phototherapy equipment for newborns, and breast feeding pump) must be prescribed by a Kaiser Permanente or Kaiser Permanente-designated physician, preauthorized in writing by Kaiser Permanente, and obtained from sources designated by Kaiser Permanente on either a purchase or rental basis, as determined by Kaiser Permanente. Durable medical equipment is that equipment and supplies necessary to operate the equipment which: 1) is intended for repeated use, 2) is primarily and customarily used to serve a medical purpose, 3) is appropriate for use in the home, 4) is generally not useful to a person in the absence of illness or injury, 5) was in general use on March 1 of the year immediately preceding the year in which this Service Agreement became effective or was last renewed, 6) is not excluded from coverage from Medicare, and if covered by Medicare, meets the coverage definitions, criteria and guidelines established by Medicare at the time the diabetes equipment is prescribed, and 7) is on Kaiser Permanente's formulary and used in accordance with formulary criteria, guidelines, or restrictions. Repair, replacement and adjustment of durable medical equipment, other than due to misuse or loss, is included in coverage. **Diabetes equipment** is limited to glucose meters and external insulin pumps, and the supplies necessary to operate them. Coverage of **breast feeding pump** includes any equipment that is required

for pump functionality. If rented or loaned from Kaiser Permanente, the member must return any durable medical equipment items to Kaiser Permanente or its designee or pay Kaiser Permanente or its designee the fair market price for the equipment when it is no longer prescribed by a Kaiser Permanente physician or used by the member. Coverage is limited to the standard item of durable medical equipment in accord with Medicare guidelines that adequately meets the medical needs of the member. Convenience and luxury items and features are not covered. The following are excluded from coverage: 1) comfort and convenience equipment, and devices not medical in nature such as sauna baths and elevators, 2) disposable supplies for home use such as bandages, gauze, tape, antiseptics, and ace type bandages, 3) exercise and hygiene equipment, 4) electronic monitors of the function of the heart or lungs, 5) devices to perform medical tests on blood or other body substances or excretions, 6) dental appliances or devices, 7) repair, adjustment or replacement due to misuse or loss, 8) experimental or research equipment, 9) durable medical equipment related to sexual dysfunction, and 10) modifications to a home or car.

- **Emergency services** are covered for initial emergency treatment only. Member (or member's family) must notify Health Plan within 48 hours if admitted to a non-Kaiser Permanente facility. Emergency Services are those medically necessary services available through the emergency department to medically screen, examine and Stabilize the patient for Emergency Medical Conditions. An Emergency Medical Condition is a medical condition manifesting itself by acute symptoms of sufficient severity that meet the prudent layperson standard and the absence of immediate medical attention will result in serious impairment to bodily functions, serious dysfunction of any bodily organ or part, or place the health of the individual in serious jeopardy. Examples of an Emergency Medical Condition include chest pain or other heart attack signs, poisoning, loss of consciousness, convulsions or seizures, broken back or neck, heavy bleeding, sudden weakness on one side, severe pain, breathing problems, drug overdose, severe allergic reaction, severe burns, and broken bones. Examples on non-emergencies are colds, flu, earaches, sore throats, and using the emergency room for convenience or during normal office hours for medical conditions that can be treated in a medical office. Continuing or follow-up treatment for Emergency Medical Conditions at a non-Kaiser Permanente facility is not covered.
- When applicable, **essential health benefits** are provided to the extent required by law and include ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services to the extent required by HHS and EHB-benchmark plan. Pediatric oral care services are covered under this Service Agreement only if a separate Dental Rider is attached (covered services are described within any applicable Dental Rider). A complete list of essential health benefits is available through Member Services. Essential health benefits are provided upon payment of the copayments listed under the appropriate benefit sections (e.g. – office visits subject to office visit copay, inpatient care subject to hospital inpatient care copay, etc.).
- **External prosthetic devices and braces** (including speech generating devices and voice synthesizers) must be prescribed by a Kaiser Permanente physician, preauthorized in writing by Kaiser Permanente, and obtained from sources designated by Kaiser Permanente. External prosthetic devices must meet all of the following criteria: 1) are affixed to the body externally, 2) are required to replace all or part of any body organ or replace all or part of the function of a permanently inoperative or malfunctioning body organ, 3) were in general use on March 1 of the year immediately preceding the year in which this Service Agreement became effective or was last renewed, and 4) are not excluded from coverage from Medicare, and if covered by Medicare, meet the coverage definitions criteria and guidelines established by Medicare at the time the prosthetic is prescribed. Fitting and adjustment of these devices, including repairs and replacement other than due to misuse or loss, is included in coverage. Covered **braces** are those rigid and semi-rigid devices which: 1) are required to support a weak or deformed body member, or 2) are required to restrict or eliminate motion in a diseased or injured part of the body, and 3) are not excluded from coverage from Medicare, and if covered by Medicare, meet the coverage definitions, criteria and guidelines established by Medicare at the time the brace is prescribed. The following items are not covered as external prosthetics, but may be covered under another benefit category: 1) pacemakers and other surgically implanted internal prosthetic devices (these are covered under implanted internal prosthetic devices and aids), 2) hearing aids (these are covered under the hearing aid benefit), and 3) corrective lenses and eyeglasses (these are covered under any applicable pediatric vision care service and may also be covered if an Optical Rider is attached). The following items are excluded from coverage: 1) dental prostheses, devices and appliances, 2) non-rigid appliances such as elastic stockings, garter belts, arch supports, non-rigid corsets and similar devices, 3) orthopedic aids such as corrective shoes and shoe inserts, 4) replacement of lost prosthetic devices, 5) repairs, adjustments or replacements due to misuse or loss, 6) experimental or research devices and appliances, 7) external prosthetic devices related to sexual dysfunction, 8) supplies, whether or not related to external prosthetic devices or braces, 9) external prosthetics for comfort and/or convenience, or which are not medical in nature, and 10) disposable supplies for home use such as bandages, gauze, tape, antiseptics, and ace type bandages. Coverage is limited to the standard model of external prosthetic device or brace in accord with Medicare guidelines that adequately meets the medical needs of the member. Convenience and luxury items and features are not covered.
- When covered as a preventive care service (under the Patient Protection and Affordable Care Act), the following types of **female sterilizations** and related items and services are provided: 1) sterilization surgery for women: Trans-abdominal Surgical Sterilization/Surgical Implant; 2) sterilization implant for women: Trans-cervical Surgical Sterilization Implant; 3) pre and post operative visits associated with female sterilization procedures; and 4) Hysterosalpingogram test following sterilization implant procedure.
- General **health education services** include patient education classes which are educational programs directed toward members

▼ Members must pay their office visit copay for the office visit.

who have specific diagnosed medical conditions whereby members are taught self-care skills to understand, monitor, manage and/or improve their condition. Examples of conditions include asthma, diabetes, cardiovascular disease, chronic obstructive pulmonary disease (COPD), and behavioral health conditions.

- **Hearing aids** must be prescribed by a Kaiser Permanente physician or Kaiser Permanente audiologist and obtained from sources designated by Kaiser Permanente. Coverage is limited to the lowest priced model hearing aid(s). Hearing aid(s) above the lowest priced model will be provided upon payment of the copayment that member would have paid for a lowest priced model hearing aid(s) plus all additional charges for any amount above the lowest priced model hearing aid(s). All other related costs are excluded from coverage, including but not limited to consultation, fitting, rechecks and adjustments for the hearing aid(s).
- Prescription drugs that are self-administered intravenously under the **home IV/infusion** benefit include biological therapeutics, biopharmaceuticals, or intravenous nutrient solutions needed for primary diet. Self-administered injections are covered upon payment of the member cost share for take-home, self-administered prescription drugs.
- Coverage of **hospice care** is supportive and palliative care for a terminally ill member, as directed by a Kaiser Permanente physician. Hospice coverage includes two 90-day periods, followed by an unlimited number of 60-day periods. The member must be certified by a Kaiser Permanente physician as terminally ill at the beginning of each period. (Hospice benefits apply in lieu of any other plan benefits for treatment of terminal illness.) Hospice includes services such as: 1) nursing care (excluding private duty nursing), 2) medical social services, 3) home health aide services, 4) medical supplies, 5) physician services, 6) counseling and coordination of bereavement services, 7) services of volunteers, and 8) physical therapy, occupational therapy, or speech language pathology.
- **Hospital inpatient care** (for acute care registered bed patients) includes services such as: 1) room and board, 2) general nursing care and special duty nursing, 3) physicians' services, 4) surgical procedures, 5) respiratory therapy and radiation therapy, 6) anesthesia, 7) medical supplies, 8) use of operating and recovery rooms, 9) intensive care room, 10) isolation care room, 11) medically necessary services provided in an intermediate care unit at an acute care facility, 12) special diet, 13) laboratory services, 14) imaging services, 15) testing services, 16) radiation therapy, 17) chemotherapy, 18) physical therapy, 19) occupational therapy, 20) speech therapy, 21) administered drugs, 22) internal prosthetics and devices, 23) blood, 24) durable medical equipment ordinarily furnished by a hospital, and 25) external prosthetic devices and braces ordinarily furnished by a hospital.
- Specialty **imaging services** are services such as CT, interventional radiology, MRI, nuclear medicine, and ultrasound. General radiology includes services such as x-rays and diagnostic mammography.
- **Internal prosthetics, devices, and aids** (such as pacemakers, hip joints, surgical mesh, stents, bone cement, bolts, screws, and rods) must be prescribed by a Physician, preauthorized in writing by Kaiser Permanente, and obtained from sources designated by Health Plan. Internal prosthetics, devices, and aids are those which meet all of the following: 1) are required to replace all or part of an internal body organ or replace all or part of the function of a permanently inoperative or malfunctioning body organ, 2) are used consistently with accepted medical practice and approved for general use by the Federal Food and Drug Administration (FDA), 3) were in general use on March 1 of the year immediately preceding the year in which this Service Agreement became effective or was last renewed, and 4) are not excluded from coverage from Medicare, and if covered by Medicare, meet the coverage definitions, criteria and guidelines established by Medicare at the time the device is prescribed. Fitting and adjustment of these devices, including repairs and replacement other than due to misuse or loss, is included in coverage. The following are excluded from coverage: a) all implanted internal prosthetics and devices and internally implanted aids related to an excluded or non-covered service/benefit, and b) Prosthetics, devices, and aids related to sexual dysfunction. Coverage is limited to the standard prosthetic model that adequately meets the medical needs of the member. Convenience and luxury items and features are not covered.
- The following **interrupted pregnancies** are included: 1) medically indicated abortions, and 2) elective abortions (including abortion drugs such as (RU-486). Elective abortions are limited to two per member per lifetime.
- Specialty **laboratory services** include tissue samples, cell studies, chromosome studies, pathology, and testing for genetic diseases. Basic **laboratory services** include services such as thyroid tests, throat cultures, urine analysis, fasting blood sugar and A1c for diabetes monitoring, electrolytes, drug screening, blood type and cross match, cholesterol tests, and hepatitis B.
- A service or item is **Medically Necessary** (subject to the applicable state law definitions and criteria) only if, 1) recommended by the treating Physician or treating Kaiser Permanente licensed health care practitioner, 2) is approved by Kaiser Permanente's medical director or designee, and 3) is for the purpose of treating a medical condition, is the most appropriate delivery or level of service (considering potential benefits and harms to the patient), and known to be effective in improving health outcomes. Effectiveness is determined first by scientific evidence. If no scientific evidence exists, then by professional standards of care. If no professional standards of care exist or if they exist but are outdated or contradictory, then by expert opinion.
- **Mental health services** include coverage in a specialized mental health treatment unit or facility approved by Kaiser Permanente Medical Group. Specialized mental health treatment services include day treatment or partial hospitalization services and non-hospital residential services. All covered mental health services will be provided under an approved individualized treatment plan.
- **Office visits** are limited to one or more of the following services: examination, history, medical decision making and/or consultation. Members' choice of primary care providers and access to specialty care allow for the following: 1) member may

choose any primary care physician available to accept member, 2) parents may choose a pediatrician as the primary care physician for their child, 3) members do not need a referral or prior authorization for certain specialty care, such as obstetrical or gynecological care, and 4) the physician may have to get prior authorization for certain services. A **Specialist** is a licensed medical practitioner identified by Health Plan or Medical Group, including a Kaiser Permanente physician, except does not include (i) family practice, (ii) general practice, (iii) internal medicine, (iv) pediatrics, (v) obstetrics/gynecology (including certified nurse midwives), (vi) physician assistants (PA), and (vii) Health Plan employed providers. Members must obtain a referral for most initial visits in order to receive covered services from certain Specialists.

- **Orthodontic services for treatment of orofacial anomalies** resulting from birth defects or birth defect syndromes are limited to Members under 26 years of age, and to a maximum benefit per treatment phase set annually by the insurance commissioner for the applicable calendar year. For example, for 2016 contracts, Member will be responsible for all charges after Health Plan has paid the maximum benefit of \$5,500 per treatment phase.
- Short-term **physical, occupational and speech therapy** (only if the condition is subject to significant, measurable improvement in physical function; Kaiser Permanente clinical guidelines apply) services means medical services provided for those conditions which meet all of the following criteria: 1) the therapy is ordered by a Physician under an individual treatment plan; 2) in the judgment of a Physician, the condition is subject to significant, measurable improvement in physical function with short-term therapy; 3) the therapy is provided by or under the supervision of a Physician-designated licensed physical, speech, or occupational therapist, as appropriate.; and 4) as determined by a Physician, the therapy must be skilled and necessary to sufficiently restore neurological and/or musculoskeletal function that was lost or impaired due to an illness or injury. **Occupational therapy** is limited to hand rehabilitation services, and medical services to achieve improved self care and other customary activities of daily living. **Speech-language pathology** is limited to deficits due to trauma, drug exposure, chronic ear infections, hearing loss, and impairments of specific organic origin.
- **Radiation therapy** services include radium therapy, radioactive isotope therapy, specialty imaging and skilled administered drugs.
- In accordance with **routine obstetrical (maternity) care**, if member is discharged within 48 hours after delivery (or within 96 hours if delivery is by cesarean section), the member's Kaiser Permanente physician may order a follow-up visit for the member and newborn to take place within 48 hours after discharge.
- Covered **skilled nursing care** in an approved facility (such as a hospital or skilled nursing facility) includes the following services: 1) nursing care, 2) room and board (including semi-private rooms), 3) medical social services, 4) medical supplies, 5) durable medical equipment ordinarily provided by a skilled nursing facility, 6) external prosthetic devices and braces ordinarily furnished by a skilled nursing facility, 7) radiation therapy, and 8) chemotherapy. In addition to Health Plan criteria, Medicare guidelines are used to determine when skilled nursing services are covered, except that a prior three-day stay in an acute care hospital is not required.
- Services covered under the **dependent child coverage outside the service area** benefit are subject to the following limitations: 1) services can only be obtained outside Kaiser Permanente Hawaii's service area and outside all other Kaiser Permanente's service areas, at non-Kaiser Permanente facilities and with non-Kaiser Permanente health care providers, 2) the dependent child must pay for services at the point in time the services are received then file a claim for reimbursement by submitting the claim to Kaiser Permanente's claims department, 3) this dependent child coverage benefit cannot be combined with any other benefit, 4) Kaiser Permanente will not pay under this dependent child coverage benefit for a service Kaiser Permanente is covering under another section, such as emergency services, out of area urgent care, and referrals, and 5) this dependent child coverage benefit does not apply to Senior Advantage members and Medicare members with Medicare as primary coverage. The following are excluded under the dependent child coverage outside the service area benefit: 1) transplant services and related care, 2) services received outside the United States, 3) services other than routine primary care, basic laboratory services, basic imaging services, testing services, and self-administered prescription drugs, 4) outpatient surgery and procedures performed in an ambulatory surgery center or other hospital-based setting, 5) services received in other Kaiser Permanente regions' service areas, 6) services received within Kaiser Permanente Hawaii's service area, 7) dental, 8) mail order drugs, 9) chiropractic, acupuncture and massage therapy services, and 10) services not explicitly listed as covered under this dependent child coverage benefit.
- Your incurred copays and coinsurance for covered medical Basic Health Services are capped each calendar year by a medical **supplemental charges maximum**.
  - All incurred copays, coinsurance, and deductibles (if applicable) count toward the limit on supplemental charges, and are credited toward the calendar year in which the medical services were received.
  - Supplemental charges for the following Basic Health Services can be applied toward the supplemental charges maximum, if the item or service is covered under this Service Agreement: office visits for services listed in this Basic Health Services section, allergy test materials, ambulance service, blood or blood processing, braces, chemical dependency services, contraceptive drugs and devices, payments toward any applicable deductible, dependent child coverage outside the service area, diabetes supplies and equipment, dialysis, drugs requiring skilled administration, durable medical equipment, emergency service, external prosthetics, family planning office visits, health evaluation office visits for adults, hearing aids, home health, hospice, imaging (including X-rays), immunizations (excluding travel immunizations), internal prosthetics, internal devices and aids, in vitro fertilization procedure, inpatient room (semi-private), interrupted pregnancy/abortion, laboratory, medical foods, mental health services, obstetrical (maternity) care, outpatient surgery and procedures, radiation and respiratory therapy, radioactive materials,

reconstructive surgery, covered self-administered/outpatient prescription drugs (including payments toward any applicable prescription drug deductible), short-term physical therapy, short-term speech therapy, short-term occupational therapy, skilled nursing care, testing services, transplants (the procedure), and urgent care.

- The following services are **not** Basic Health Services and charges for these services/items are not applicable towards the Supplemental Charges Maximum: all services for which coverage has been exhausted, all excluded or non-covered benefits, all other services not specifically listed above as a Basic Health Service, complementary alternative medicine (chiropractic, acupuncture, massage therapy, or naturopathy), dental services, dressings and casts, handling fee or taxes, health education services, classes or support groups, medical social services, office visits for services which are not Basic Health Services, take-home supplies, and travel immunizations.
- **Testing services** include electrocardiograms, electroencephalograms, EMG, pulmonary function studies, sleep studies, and treadmill.
- Up to a 30-consecutive-day supply of **tobacco cessation drugs and products** is provided when all of the following criteria are met: 1) prescribed by a licensed Prescriber, 2) available on the Health Plan formulary's Tobacco Cessation list of approved drugs and products, including over-the-counter drugs and products, and in accordance with formulary criteria, guidelines, or restrictions, 3) obtained at pharmacies in the Service Area that are operated by Kaiser Foundation Hospital, Kaiser Foundation Health Plan, Inc. or a pharmacy we designate, and 4) member meets Health Plan-approved program-defined requirements for smoking cessation classes or counseling (tobacco cessation classes and counseling sessions are provided at no charge).
- **Tuberculin skin test** is limited to one per calendar year, unless medically necessary.
- **Transplant services** and **transplant evaluations** for transplant donors. Covered transplants include kidney, pancreas, heart, heart-lung, liver, lung, simultaneous kidney-pancreas, bone marrow, cornea, small bowel, small bowel-liver transplants, small bowel and multivisceral transplants, and stem-cell transplants. Health Plan will pay for medical services for living organ and tissue donors and prospective donors if the medical services meet all of the requirements below. Health Plan pays for these medical services as a courtesy to donors and prospective donors, and this document does not give donors or prospective donors any of the rights of Kaiser Permanente members.
  - Regardless whether the donor is a Kaiser Permanente member or not, the terms, conditions, and Supplemental Charges of the transplant-recipient Kaiser Permanente member will apply. Supplemental charges for medical services provided to transplant donors are the responsibility of the transplant-recipient Kaiser Permanente member to pay, and count toward the transplant-recipient Kaiser Permanente member's limit on supplemental charges.
  - The medical services required are directly related to a covered transplant for a Kaiser Permanente member and required for a) screening of potential donors, b) harvesting the organ or tissue, or c) treatment of complications resulting from the donation.
  - For medical services to treat complications, the donor receives the medical services from Kaiser Permanente practitioners inside a Health Plan Region or Group Health service area.
  - Health Plan will pay for emergency services directly related to the covered transplant that a donor receives from non-Kaiser Permanente practitioners to treat complications.
  - The medical services are provided not later than three months after donation.
  - The medical services are provided while the transplant-recipient is still a Kaiser Permanente member, except that this limitation will not apply if the Kaiser Permanente member's membership terminates because he or she dies.
  - Health Plan will not pay for travel or lodging for donors or prospective donors.
  - Health Plan will not pay for medical services if the donor or prospective donor is not a Kaiser Permanente member and is a member under another health insurance plan, or has access to other sources of payment.
  - The above policy does not apply to blood donors.
- **Urgent care services** are covered for initial urgent care treatment only. "Urgent Care Services" means medically necessary services for a condition that requires prompt medical attention but is not an Emergency Medical Condition. Continuing or follow-up treatment at a non-Kaiser Permanente facility is not covered.

### What you need to know about your alternative medicine benefits

1. **Do I need to see my Kaiser Permanente physician to obtain a referral for a Participating Chiropractor or Participating Acupuncturist?**  
No. These alternative medicine services do not require a Kaiser Permanente physician's approval.
2. **When are massage therapy services covered under this Rider?**  
Massage Therapy Services for muscular and soft tissue disorders are referred by a Participating Chiropractor or Kaiser Permanente Physician, authorized by ASH and performed by a Participating Massage Therapist.
3. **How do I choose a Participating Chiropractor, Participating Acupuncturist or Participating Massage Therapist?**  
You may select a Participating Chiropractor, Participating Acupuncturist or Participating Massage Therapist that participates with ASH. You may obtain a list with their addresses and phone numbers by calling the Kaiser Permanente Customer Service Center at 1-800-966-5955. You may also view the list by logging on to our website at [www.kp.org](http://www.kp.org).
4. **How do I obtain chiropractic or acupuncture services in Hawaii?**  
Simply select a Participating Chiropractor or Participating Acupuncturist and call to set-up an appointment. At your appointment, present your Kaiser Permanente membership ID card and pay your designated copayment.
5. **Will an X-ray be covered if it is ordered by the Participating Chiropractor and performed at a Kaiser Permanente location?**  
Only medically necessary X-rays authorized by ASH are covered. The X-rays must be performed in either a Participating Chiropractor's office or an ASH ancillary provider's office in order to be covered.

#### How do I enroll in Kaiser Permanente Fit Rewards if I did not participate in KP Fit Rewards in 2017?

1. Starting January 1, 2018, go to [kp.org/activeandfit](http://kp.org/activeandfit) and register to use the website.<sup>2</sup>
2. Choose a gym. Call toll free **1-877-750-2746** and ask for your **Fitness ID number**. Your gym will ask you for this number.
3. Pay the annual program fee of no more than \$200 directly to your gym. There will be no additional monthly dues to worry about!

**Note:** If you would like to join 24 Hour Fitness and pay your annual program fee, visit [kp.org/activeandfit](http://kp.org/activeandfit), or call toll free **1-877-750-2746**, Monday through Friday, 5 a.m. to 6 p.m., Pacific time.

#### What is not included in the Kaiser Permanente Fit Rewards annual program fee?

Any taxes and additional fees you pay your gym for membership upgrades, classes, services, or amenities are not included in your Kaiser Permanente Fit Rewards annual program fee and are not eligible for reimbursement.

# Kaiser Permanente FIT REWARDS 2018 Frequently Asked Questions

## PARTICIPATING GYMS

### Where can I find a list of participating gyms?

Visit [kp.org/fitrewards](http://kp.org/fitrewards) to see the full list of participating gyms. You also can call toll free 1-877-750-2746, Monday through Friday, 5 a.m. to 6 p.m., Pacific time.

### How can I suggest adding a gym to the network?

You can request the addition of gyms online at [kp.org/activeandfit](http://kp.org/activeandfit) or by calling toll free 1-877-750-2746.

### Can I switch participating gyms?

Yes. You can switch participating gyms by going online at [kp.org/activeandfit](http://kp.org/activeandfit) or by calling toll free 1-877-750-2746.

### If I switch gyms, do I have to pay my annual program fee again?

No. If you switch to another participating gym, you do not need to pay your annual fee again unless it's a new calendar year.

### If I switch gyms, how soon can I go to my new gym?

You can go to your new gym on the first day of the following month.

## ACTIVITY REQUIREMENT & REIMBURSEMENT

### When will I receive my reimbursement?

If you successfully meet the 45-day, 30 minutes per session activity requirement before the end of the calendar year, you will receive your annual program fee reimbursement within 45 days, once your gym reports your completion.

### If I change gyms during the year and meet the 45-day, 30 minutes per session activity requirement, will I receive reimbursement?

Yes. Your total number of visits count toward the 45-day, 30 minutes per session activity requirement, as long as you have Kaiser Permanente Hawaii coverage and go to participating gyms.

### If I work out two times in one day, does it count as two visits toward the 45-day, 30 minutes per session activity requirement?

You get credit for a maximum of one workout a day, whether you work out once, twice, or three times in a day.

### When do my gym visits start counting towards my reimbursement?

Gym visits made before your annual program fee is paid do not count towards reimbursement. Your 2017 gym visits will not count towards your 2018 KP Fit Rewards activity requirement reimbursement.

## HOME FITNESS PROGRAM

### What if I am physically unable or prefer not to go to a gym?

You can choose to participate in the Home Fitness program instead of attending a participating gym. For a \$10 annual program fee, you can choose up to 2 home fitness kits and work out anytime at home. The fitness kits may include DVDs, guides, and other items to help you get fit.

**Note:** If you participate in the Home Fitness program, your \$10 annual program fee is non-refundable and will not be prorated.

<sup>1</sup>Reimbursement is limited to your annual program fee each calendar year. Taxes and additional charges you pay your gym for membership upgrades, classes, or amenities are not included in the program and are not eligible for reimbursement. Please consult with your tax advisor about the taxability of the reimbursement. Except for earning your annual program fee back by exercising 45 days a year for at least 30 minutes per session at a participating gym, your annual program fee is not refundable and will not be prorated. Fitness center visits made before your annual program fee is paid do not count towards the reimbursement activity requirement.

<sup>2</sup>The program website is available for members who are 18 years and older.

Kaiser Permanente Fit Rewards is a value-added service and not part of your medical benefits. Your annual fee does not count toward your health plan's annual out-of-pocket maximum. For details, including conditions, limitations, and exclusions, please see your *Benefit Summary* or [kp.org/fitrewards](http://kp.org/fitrewards).

Kaiser Permanente Fit Rewards is part of the Active&Fit<sup>®</sup> program, administered by American Specialty Health Fitness, Inc. (ASH Fitness), a subsidiary of American Specialty Health Incorporated (ASH). Active&Fit and the Active&Fit logo are federally registered trademarks of ASH and used with permission herein.

## Questions and answers about the drug rider

### 1. *How does the drug rider work?*

When you visit a Kaiser Permanente physician, a licensed prescriber or a prescriber we designate, and they prescribe a drug for which a prescription is required by law, you can take the prescription to any Kaiser Permanente pharmacy or pharmacy we designate.

- In most cases you will be charged only \$3 for a generic Maintenance drug prescription, \$15 each for all other generic drug prescriptions, \$50 for a brand-name drug prescription, and \$200 for a Specialty drug prescription when it does not exceed a 30-consecutive-day supply of a prescribed drug (or an amount as determined by the formulary). Each refill of the same prescription will also be provided at the same charge.
- If you go to a non-Kaiser Permanente pharmacy, you will be responsible for 100% of charges.

### 2. *Where are Kaiser Permanente pharmacies located?*

Most Kaiser Permanente Clinics have a pharmacy on premises. Please consult the Member Handbook for the pharmacy nearest you and its hours of operation.

### 3. *Can I get any drug prescribed by my Physician?*

Our drug formulary is considered a closed formulary, which means that medications on the list are usually covered under the prescription drug rider. However drugs on our formulary may not be automatically covered under your prescription drug rider depending on which plan you've selected. Even though nonformulary drugs are generally not covered under your prescription drug rider, your Kaiser Permanente physician can sometimes request a nonformulary drug for you, specifically when formulary alternatives have failed or use of nonformulary drug is medically necessary, provided -- the drug is not excluded under the prescription drug rider.

Kaiser Permanente pharmacies may substitute a chemical or generic equivalent for a brand-name/specialty drug unless this is prohibited by your Kaiser Permanente physician. If you want a brand-name/specialty drug for which there is a generic equivalent, or if you request a non-formulary drug, you will be charged Member Rates for these selections, since they are not covered under your prescription drug rider. If your KP physician deems a higher priced drug to be medically necessary when a less expensive drug is available, you pay the usual drug copayment. If you request the higher priced drug and it has not been deemed medically necessary, you will be charged Member Rates.

### 4. *Do I need to present any identification when I receive drugs?*

Yes, always present your Kaiser Permanente membership ID card, which has your medical record number, to the pharmacist. If you do not have a medical record number, please call Member Services at 1-800-966-5955.

### 5. *What if I need more than a month's supply of medication?*

Your Kaiser Permanente membership contract entitles you to a maximum one-month's supply per prescription. However, as a convenience to you, our Kaiser Permanente Pharmacies will dispense up to a three-month's supply of certain prescriptions upon request (you will be responsible for three copayment amounts). Dispensing a three-month's supply is done in good faith, presuming you will remain a Kaiser Permanente member for the next three months. If you terminate your membership with Kaiser Permanente before the end of the three-month period, we will bill you the retail price for your remaining drugs. For example, if you end your membership after two months, we will bill you for the remaining one-month's supply. Unless otherwise directed by Kaiser Permanente, refills may be allowed when 75% of the current prescription supply is taken/administered according to prescriber's directions.

## 6. *How do I receive prescriptions by mail?*

Save time and money on refills! If you have prescription drug coverage, you can get a 90-day supply of qualified prescription drugs covered under your drug rider for the price of 60 by using our convenient mail order service\*. And we pay the postage!

You can order your refills at your convenience, 24/7, using one of the methods below.

- For the quickest turnaround time, order online at [kp.org](http://kp.org).
- Order via our automated prescription refill service by calling (808) 643-7979, press 1
- Order using our mail-order envelope, available at all Kaiser Permanente clinic locations.
- Order via our Pharmacy Refill Center at (808) 643-7979, press 3 then press 5, Monday to Friday, 8:30 a.m. to 5 p.m. TTY users may call 1-877-447-5990.

So the next time you've used two-thirds of your existing supply of prescription medications, try using one of these convenient options.

If you must pick up your prescriptions at a clinic pharmacy, refillable prescriptions are usually ready for pickup at the designated pharmacy in one business day. Prescriptions requiring a physician's approval are usually ready in two business days. Call the pharmacy or Kaiser Permanente Hawaii's automated prescription refill line in advance to make sure that your prescription is ready. Orders not picked up within one week are returned to stock.

\*We are not licensed to mail medications out of state. There are restrictions for delivery of certain medications and supplies, including but not limited to controlled medications, injections, medications affected by temperature, and medications excluded by Kaiser Permanente's Pharmacy & Therapeutic Committee.

## 7. *What are the definitions of the different classes of drugs?*

- **Generic drugs** are drugs approved by the U.S. Food and Drug Administration (FDA), have the same active ingredient of the Brand-name drugs, are produced and sold under their Generic names after the patent of the Brand-name drug expires, and are on the Health Plan formulary.
- **Maintenance drugs** are those which are used to treat chronic conditions, such as asthma, hypertension, diabetes, hyperlipidemia, cardiovascular disease, and mental health, and are on the Health Plan formulary.
- **Generic Maintenance drugs** are specific Generic drugs used for the treatment of chronic conditions and are on Health Plan's approved list. However, not all Generic drugs used for the treatment of chronic conditions are considered Generic "Maintenance" drugs.
- **Brand-name drugs** are drugs approved by the U.S. Food and Drug Administration (FDA), produced and sold under the original manufacturer's Brand-name, and are on the Health Plan formulary. Brand-name drugs include single source drugs (where there is only one approved product available for that active ingredient, dosage form, route of administration, and strength).
- **Specialty drugs** are very high-cost drugs approved by the U.S. Food and Drug Administration (FDA) that are on the Health Plan formulary.

	<b>Benefits</b>	<b>You pay</b>
<b>Hearing Aids rider - 60%</b>	Up to two medically necessary and appropriate <b>hearing aids</b> , one for each hearing impaired ear, once every 36 months when prescribed by a KP physician or KP audiologist, and obtained from sources designated by Health Plan	60% of applicable charges per ear, once every three years

**Limitations:**

- Coverage is limited to the lowest priced model hearing aid in accordance with Kaiser’s guidelines that adequately meets the medical needs of the Member.
- Hearing aids above the lowest priced model will be provided upon payment of the applicable charges that the Member would have paid for a lowest priced model hearing aid plus all additional charges for any amount above the lowest priced model hearing aid.

**Exclusions:**

- All other hearing aid related costs, including but not limited to: consultation, fitting, rechecks and adjustments for the hearing aid(s).
