Dear Medicare-eligible Retiree, Spouse or Dependent,

The San Francisco Health Service System (SFHSS) has selected a UnitedHealthcare® Group Medicare Advantage (PPO) plan that has been designed just for City & County of San Francisco, San Francisco Unified School District, Superior Court of San Francisco and City College of San Francisco retirees.

We believe you should have more than just a good insurance plan to help maintain your health and well-being. We want to work with you to help you live a healthier life.

We want to:

- Help you get access to care when you need it
- Give you tools and resources to help you be in more control of your health
- Try to help you find ways to save money on health care, so you can spend more on what matters most to you

In this book you will find:

- A description of this plan and how it works
- Information on benefits, programs and services — and how much they cost
- What you can expect after you enroll

Your 2018 plan information will be available online. Go to the website above and click “Download your plan materials.” You will need your Group Number found on the front cover of this book to access your materials.

Enrolling is easy.

During your SFHSS Annual Enrollment Period (October 1–31, 2017), you will be able to make your plan selection. Refer to your 2018 SFHSS Health Benefits materials to learn what other options may be available to you.

If you are currently enrolled in a Medicare Advantage plan or Prescription Drug Plan, which is different from this plan, once your enrollment into the UnitedHealthcare® Group Medicare Advantage (PPO) plan for the 2018 calendar year is confirmed by Medicare (we do that for you) you will be disenrolled from your current Medicare Advantage plan or Prescription Drug Plan effective December 31, 2017. Your new plan will start on January 1, 2018, so you are never without coverage.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare.

UNITEDHEALTHCARE® GROUP MEDICARE ADVANTAGE (PPO)

Your plan sponsor, San Francisco Health Service System (SFHSS), has chosen a UnitedHealthcare® Group Medicare Advantage (PPO) plan. Only SFHSS Medicare-eligible retirees and dependents can enroll in this plan.

“Medicare Advantage” is also known as Medicare Part C, or MA. These plans have all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B).

Make sure you know what parts of Medicare you have.

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with your local Social Security office. To find an office where you live, visit www.ssa.gov/locator or call **1-800-772-1213**, TTY **1-800-325-0778**, between 7 a.m. – 7 p.m. local time, Monday – Friday.
- You must continue paying your Medicare Part B premium to keep your coverage under this group-sponsored plan. If you stop your payments, you may be disenrolled from this plan.

HOW YOUR GROUP MEDICARE ADVANTAGE PLAN WORKS

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

One plan at a time.

You may be enrolled in only one Medicare Advantage plan at a time. The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision. If you enroll in another Medicare Advantage plan OR another Medicare Part D prescription drug plan after your enrollment in this group-sponsored plan, you will be disenrolled from this UnitedHealthcare® Group Medicare Advantage (PPO) plan.

Remember: If you drop or are disenrolled from your group-sponsored retiree health coverage, you may not be able to re-enroll. Limitations and restrictions vary by employer group or plan sponsor.

MEDICAL COVERAGE PLAN BASICS

How your medical coverage works.

Your plan is a Preferred Provider Organization (PPO) plan. You have access to our national network of providers. In addition, you can see providers out-of-network and pay the same cost share as network providers, as long as they accept the plan and have not opted out of Medicare.

	Network	Out-Of-Network
Will the doctor or hospital accept my plan?	Yes	Yes, as long as they accept the plan and have not opted out of Medicare. ¹
What is my copay or coinsurance?	Copays and coinsurance vary by service. ²	
Do I need to choose a primary care provider (PCP)?	No, but recommended	No
Do I need a referral to see a specialist?	No	No
Are emergency and urgently needed services covered?	Yes	Yes
Do I have to pay the full cost for all doctor or hospital services?	You will pay your standard copay or coinsurance for the services you get. ²	
Is there a limit on how much I spend on medical services each year?	Yes. The most you will pay out of your pocket each year is \$3,750 for each Medicare-eligible person covered under this plan.	
Are there any situations when a doctor will balance bill me above my copayment?	Under this plan you are protected from any balance billing and you are only responsible for your copayment.	

¹This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

PRESCRIPTION DRUG COVERAGE PLAN BASICS

How your prescription drug coverage works.

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered. A partial drug list is included in this booklet. To look up additional drugs, you can call UnitedHealthcare Customer Service or go online.

What pharmacies can I use?

You can choose from over 68,000 pharmacies across the United States, including national chain, regional and independent local retail pharmacies.

What is a drug cost tier?

Drugs are divided into different cost tiers. In general, the higher the tier, the higher the cost of the drug.

What will I pay for my prescription drugs?

What you pay will depend on what drug cost tier your prescription belongs to. Your cost may also change during the year based on the total cost of the prescriptions you have filled.¹ If you have any questions, you can call UnitedHealthcare Customer Service.

PART
B

Do I need to keep paying my Part B monthly premium?

Yes. Medicare requires that you continue to pay your Part B monthly premium (to Social Security). If you stop paying your monthly Part B premium, you may be disenrolled from your plan.

Can I have more than one prescription drug plan?

No. You can only have one Medicare Part D prescription drug plan at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you may be disenrolled from this plan.

¹Refer to the Summary of Benefits or Benefit Highlights for more information.

PRESCRIPTION DRUG COVERAGE PLAN BASICS

What is a Medicare Part D Late Enrollment Penalty (LEP)?

The Late Enrollment Penalty is an amount you need to pay if, at any time after you become eligible, you have a gap in your Medicare Part D coverage of more than 63 days and you don't have other creditable coverage.¹ The Late Enrollment Penalty will be added to your monthly Medicare premium and you will need to pay it for the rest of the time you have Part D coverage.

When you become a member, your employer group or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. If your employer group or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty. Once you become a member, more information will be available in your Evidence of Coverage (EOC).

¹Creditable coverage is a term used by Medicare to describe prescription drug coverage that is at least as good as or better than what Medicare provides.

Call Medicare to see if you qualify for Extra Help.

If you have a limited income, you may be able to get Extra Help from Medicare. If you qualify, Medicare could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

GETTING THE HEALTH CARE COVERAGE YOU MAY NEED

Care begins with your doctor.

With this plan, you have the flexibility to see doctors inside or outside the UnitedHealthcare network. Unlike many other PPO plans, with this plan, you pay the same share of cost in- and out-of-network. With your UnitedHealthcare® Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life.

Finding a doctor is easy.

If you need to find a new doctor or specialist, consider a doctor in our network. We work closely with our network of doctors to give them access to resources and tools that can help them make better health care decisions on your behalf.

If you need help finding a doctor or a specialist, just give us a call or go online. We can even help schedule that first appointment.

If you want additional choices, go to www.Medicare.gov/physiciancompare for a listing of doctors who participate in Medicare.

Filling your prescriptions is convenient.

UnitedHealthcare has over 68,000 national, regional, local chains and independent neighborhood pharmacies in its network. You can search for participating pharmacies by going online or calling UnitedHealthcare Customer Service using the information below.

HouseCalls will then send a summary of your visit to your primary care provider so he/she has this additional information regarding your health. HouseCalls may not be available in all areas.

See a doctor using your computer, tablet or mobile phone.

UnitedHealthcare's Virtual Doctor Visits lets you choose to see and speak to specific doctors using your computer or mobile device, like a tablet or smart phone. During a virtual doctor visit, you can ask questions, get a diagnosis and the doctor can even prescribe medication² that, if appropriate, can be sent to your pharmacy.

Lose weight with simple steps.

Real Appeal is a simple, step-by-step online program that makes losing weight fun. The program offers tools that may help you lose weight, reduce your risk of developing serious health conditions, gain energy and achieve your long-term health goals. If eligible, you can participate in the Real Appeal program from the comfort of your home at no additional cost as part of your UnitedHealthcare[®] Medicare Advantage plan.

¹If additional tests are required, or if other medical concerns are addressed which are not considered to be preventive or wellness related, there may be a copay or coinsurance.

²Doctors can't prescribe medications in all states.

WAYS TO SAVE ON YOUR PRESCRIPTION DRUGS

You may save on the medications you take regularly.

If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications through OptumRx® Home Delivery. You'll get automatic refill reminders and access to licensed pharmacists if you have a question.

Get a 90-day¹ supply at retail pharmacies.

In addition to OptumRx® Home Delivery, most retail pharmacies offer 90-day supplies for some prescription drugs.

Check your UnitedHealthcare Pharmacy directory to see if a retail pharmacy offers 90-day supplies noted with a  symbol. An online pharmacy directory is available at www.welcometouhc.com/sfhss.

To request a printed directory, call Customer Service toll-free at:

1-877-259-0493, TTY **711**, 8 a.m. – 8 p.m. local time, 7 days a week

Ask your doctor about trial supplies.

A trial supply allows you to fill a prescription for less than 30 days. This way, you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.

Explore lower cost options.

Each covered drug in your drug list is assigned to a tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

Have an annual medication review.

Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.

¹Your employer group or plan sponsor may provide coverage beyond 90 days. Please refer to the Benefit Highlights or Summary of Benefits for more information.

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.

Prescription Drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. Once you are enrolled in this plan, you will receive a separate document called the “Certificate of Coverage” with more information about this supplemental drug coverage.

Your plan sponsor has elected to offer additional coverage on some prescription drugs that are normally excluded from coverage on your Formulary. Please see your Additional Drug Coverage list for more information.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

Stage 4: Catastrophic Coverage	After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$5,000, you pay \$5 copay for generic (including brand drugs treated as generic), and a \$10 copay for all other drugs.

2018 Drug list

This is a partial alphabetical list of prescription drugs covered by the plan. This is not a complete list of the drugs we cover. Please call Customer Service for more information or for a complete list of covered drugs. Our contact information is on the cover of this book.

- **Brand name** drugs are in **bold** type. Generic drugs are in plain type
- Each covered drug is in 1 of 3 cost-sharing tiers
- Drug tier description:
 - Tier 1: Preferred generic
 - Tier 2: Preferred brand
 - Tier 3: Non-preferred drug
- Each tier has a copay or coinsurance amount
- For a description of the tiers, see the Summary of Benefits in this book
- Some drugs may have coverage rules or limits on the amount you can get

PA Prior authorization	The plan requires you or your doctor to get prior approval for certain drugs. This means the plan needs more information from your doctor to make sure the drug is being used and covered correctly by Medicare for your medical condition. Certain drugs may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs) depending on how it is used. If you don't get prior approval, the plan may not cover the drug.
QL Quantity limits	The plan will cover only a certain amount of this drug for 1 copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	There may be effective, lower-cost drugs that treat the same medical condition as this drug. You may be required to try 1 or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover this drug.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

HRM High-risk medication	This drug is known as a high-risk medication (HRM) for Medicare members 65 and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.
LA Limited access	Drugs are considered “limited access” if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can’t be done at a network pharmacy.
MED Morphine equivalent dose	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional edit is called a cumulative morphine equivalent dose (MED). The MED is calculated based on the number of opioid drugs prescribed for you over a period of time. This cumulative limit is required for all plans and is designed to monitor safe dosing levels of opioids for those individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

Additional drug coverage

Bonus Drug List

Your plan sponsor (employer, union or trust) offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan’s drug list (formulary).

The cost tier for each prescription drug is shown on the list.

Although you pay the same copay or coinsurance for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amounts you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book.

Statements of UNDERSTANDING

By enrolling in this plan, I agree to the following:

This is a Medicare Advantage plan and has a contract with the federal government. This is not a Medicare Supplement plan.

I need to keep my Medicare Part A and Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party.

I can only have one Medicare Advantage or Prescription Drug plan at a time.

- Enrolling in this plan will automatically disenroll me from any other Medicare health plan. If I disenroll from this plan, I will be automatically transferred to Original Medicare. If I enroll in a different Medicare Advantage plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
- If I have prescription drug coverage or if I get prescription drug coverage from somewhere other than this plan, I will inform UnitedHealthcare.
- Enrollment in this plan is for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

If I do not have prescription drug coverage, I may have to pay a late enrollment penalty.

This would apply if I did not sign up for and maintain creditable prescription drug coverage when I first became eligible for Medicare. If I get a late enrollment penalty, I will receive a letter making me aware of the penalty and what the next steps are.

The service area includes the 50 United States, the District of Columbia and all U.S. territories.

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

I will get a Plan Details book that includes an Evidence of Coverage (EOC).

- The EOC will have more information about services covered by this plan. If a service is not listed, it will not be paid for by Medicare or this plan without authorization.
- I have the right to appeal plan decisions about payment or services if I do not agree.

My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare.
