Wednesday, June 13, 2018 || 2:00 - 3:00pm

This 60-minute DPH Back Injury Prevention training class will teach you to recognize injury risk factors, how to protect your upper extremities and safe lifting techniques. **Two training dates offered. With supervisor approval, employees can use work time to attend this training.**

RSVP Required. Register at:

<https://sfhssbacksafetyclass.eventbrite.com>

ERGONOMICS TRAINING

June 20, 2018 || 9:00am - 11:00am

Ergonomics is the science that studies how to best make the work environment fit the worker. The goal of ergonomics is to help prevent injury and increase comfort and productivity. When ergonomic principles are applied in the work environment, visual and musculoskeletal discomfort and fatigue can be significantly reduced. By making adjustments to your work area and personal practices, you can minimize the risk factors that can contribute to injuries. HSS has partnered with the Department of Public Health to bring the monthly Ergonomics Training for employees to the Wellness Center. **Employees can attend this 2-hour class during the work day with supervisor approval. RSVP required.**

HEALTHY WEIGHT PROGRAM

Begins June 7th || 12:00 – 1:00pm

Your weight is more than a number on a scale. It's how you feel every day, inside and out. Maintaining a healthy weight means making small changes that add up to big success. No matter what your goal is, we've got the information and tools to help you succeed.

In this 12-week program, we'll help you tackle day-to-day issues that make weight loss difficult, such as stress, lack of sleep, easy access to unhealthy food, and finding time to exercise. You'll learn to adopt healthier behaviors and attitudes for long term weight loss. You'll also be able to connect with others in this group setting who are also working to lose weight. Before and after weight screening is optional.
